

Regional Air Cargo Carriers Association

"VITAL LINK CONNECTING COMMUNITIES"

ABOUT: RACCA's Cargo Connection

The Regional Air Cargo Carriers Association (RACCA) is the national voice for regional air cargo operators, supporting both Part 135 and select Part 121 carriers. RACCA is dedicated to advancing and unifying the industry through effective engagement, leadership, and collaboration.

Since 2002, RACCA's mission has been to support the success and sustainability of regional cargo carriers by promoting safety, advancing regulatory improvements, fostering innovation, and strengthening the industry relationships that drive long-term growth.

TOGETHER, we're shaping the future of air cargo.

SNAPSHOT: RACCA Facts

50+

FAA-certificated U.S. air carriers represented, including Part 135 and select Part 121 operators

400+

Members actively shaping RACCA's initiatives, events, and industry impact

~1,000

Aircraft operated collectively by RACCA members

95%+

Eligible operators represented since RACCA's founding

“ At RACCA, we are proud to represent the carriers linking small and large communities together. Our members drive progress in **safety**, **workforce**, and **innovation**—shaping the future of air cargo. Their dedication keeps goods moving every day.

~ Jim Goddard, RACCA President

”

RACCA COMMUNITY: Navigating and Building Together

CHAMPION innovation, safety, and the future of aviation through a collaborative foundation that drives workforce development, supports emerging technologies, and advances the next generation of regional air cargo leaders.

PARTNER with leading industry stakeholders to strengthen air connectivity and deliver vital services to small communities across the United States through the trusted operations of RACCA's member carriers.

LEAD a united regional cargo community by fostering dialogue, collaboration, and forward momentum, brought together at RACCA's Annual Conference, where members help shape the future of regional air cargo.
