

RAA PREFERRED PARTNER PROGRAM

Compliance, simplified. Savings, secured.

Exclusive pre-negotiated pricing on aviation compliance, safety, training, and credentialing services — a benefit of working through the Regional Airline Association.

RAA has secured **pre-negotiated preferred rates** with AirTera for a comprehensive suite of regulatory compliance and workforce management services. Eligible aviation organizations gain access to material savings, price protection, and a single platform for drug and alcohol testing, identity management, safety oversight, training, background checks, and biometric credentialing — all backed by AirTera's specialized aviation expertise and direct working relationships with the FAA, DOT, and TSA.

MEMBER-ONLY PRICING

Real savings, locked in

Discounts ranging from 25% to 100% off standard AirTera rates across testing, background checks, and platform subscriptions.

PRICE PROTECTION

Predictable budgets

Annual price adjustments capped at the lesser of 3% or the Consumer Price Index for All Urban Consumers (CPI-U) and never applied retroactively.

ONE PLATFORM

Compliance unified

Drug and alcohol testing, identity management, safety management, learning management, background checks, and biometrics in one integrated cloud-native system.

AVIATION EXPERTISE

Built for regulated operations

Direct relationships with FAA, DOT, and TSA; audit and inspection support; live subject matter experts.

ABOUT RAA

The Regional Airline Association (RAA) provides a unified voice of advocacy for U.S. regional airlines aimed at promoting a safe, reliable, and strong regional airline industry. RAA serves as an important support network connecting regional airlines and industry business partners. Regional airlines operate 32% of U.S. scheduled passenger flights and provide the only source of scheduled air service to 64% of the nation's airports. Learn more at raa.org

ABOUT AIRTERA

A service mark of NATA Compliance Services, AirTera is the unified identity, security, safety, and compliance platform for aviation. Built to meet the evolving demands of TSA, DOT, and FAA requirements, AirTera offers background checks, credentialing, real-time compliance management, biometric services, safety reporting, and industry-leading learning management and training content in a secure platform. AirTera is focused on helping aviation organizations improve efficiency, strengthen trust, and achieve better outcomes through innovation, expertise, and execution. Learn more at airtera.com.
